SAYAR SHRESTHA

Phone: 9813870131 | Email: dynamicpc8@gmail.com | Location: Kathmandu, Nepal

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in web development, programming, game development, UI/UX design, and mobile application development. Skilled in building functional, user-focused software solutions, including a mobile-based vehicle rental management system. Eager to apply strong technical foundations and problem-solving skills in a dynamic development role.

EDUCATION

Bachelor of Science in Computer Science
University of Wolverhampton | 2023 – 2026

TECHNICAL SKILLS

Programming Languages: C, C++

Web Development: HTML, CSS, JavaScript

Game Development: Unity

Design Tools: Figma (UI/UX Design)

Database & Tools: MongoDB, Google Sheets

Emerging Tech: Machine Learning, Artificial Intelligence

Other: Mobile Application Development

PROJECTS

Vehicle Rent Management System (Mobile Application)
Personal / Academic Project

- Designed and developed a mobile application to manage vehicle rentals, including vehicle listing, booking, and rental tracking features.
- Applied UI/UX design principles using Figma to create a clean and user-friendly interface.
- Implemented core application logic to handle rental workflows and vehicle availability.
